

## TIP, COMPLAINT, OR REFERRAL – SEC

FORM TCR: WHISTLEBLOWER SUBMISSION

DATE: 2026-05-12

**Prepared For:** U.S. Securities and Exchange Commission (SEC), Enforcement Division

**Prepared By:** Submitter

# MASTER WHISTLEBLOWER COMPLAINT: SYSTEMATIC RELAY OF SAUDI SOVEREIGN MNPI

### TIME-CRITICAL DISGORGEMENT WINDOW

**Statutory Deadline:** Closes 2026-10-19 under NDAA FY 2021 amendments (10-year scienter window).

**Recommended Action:** Commission processing must commence no later than September 1, 2026.

### TABLE OF CONTENTS

| 5. Principal Targets         |                                   |

# 1. NATURE OF SUBMISSION

---

This submission concerns the systematic relay of **Material Non-Public Information ("MNPI")** regarding the Kingdom of Saudi Arabia's October 19, 2016 sovereign bond offering (\$17.5 billion) by registered personnel at **Deutsche Bank, JPMorgan, and Merrill Lynch** to one ultra-high-net-worth client, **Jeffrey Epstein**, in the twelve weeks preceding public pricing.

**Amount of money involved.** This submission concerns the integrity of a \$17,500,000,000 sovereign bond issuance. No Epstein-related Saudi sovereign bond trade has been identified in the released documents; the submitter accordingly seeks Commission enforcement against the named tippers and their employer firms for non-trading personal benefits and syndicate-fee unjust enrichment, with specific amounts subject to the Commission's subpoena power.

The conduct is alleged to violate:

- **Section 10(b)** of the Securities Exchange Act of 1934 and **Rule 10b-5** (Misappropriation Theory).
  - **Regulation FD** (Selective Disclosure).
  - **Regulation M** and **FINRA Rules 5130/5131** (Fair Allocation).
- 

## 2. THE LOAD-BEARING EVIDENCE — DENNIS E. EISELE'S OWN WORDS

---

### THE LOAD-BEARING DOCUMENT

Internal Deutsche Bank chat transcript (Email body) produced in sixteen Bates copies in the H.R. 4405 (April 2026) DOJ Epstein Files release.

**Core Bates:** EFTA01371316 et al.

Verbatim chat lines from **DENNIS EISELE (DEUTSCHE BANK SECURITIES)**, FINRA CRD# 4238984:

| DENNIS EISELE 11:17:44 – "i am involved but issue is we can't share that information until it is public"

| DENNIS EISELE 11:18:10 – "what i can say is expectations were for before august or after labor day"

| DENNIS EISELE 11:19:51 – "yes US clients will have an opportunity to participate"

| DENNIS EISELE 11:20:46 – "exactly"

## EVIDENTIARY SIGNIFICANCE (SCIENTER PIVOT):

1. **Self-Identification:** "i am involved" confirms insider status.
2. **Explicit Acknowledgement:** "we can't share that information until it is public" establishes awareness of duty.
3. **Immediate Breach:** Shares timing window and participation status in the *same chat block*.
4. **Supervisory Role:** Mr. Eisele held a **Series 24 (General Securities Principal)** at the time, amplifying the scienter.

---

## 3. DOCUMENT INVENTORY — THE BROADER PATTERN

---

### A. THE DEUTSCHE BANK "SOUTHERN FINANCIAL" THREAD

**Subject:** "Southern Financial - Saudi bond new issue. [I]"

**Classification:** "For internal use only"

**Nexus:** "Southern Financial" was the internal umbrella for the Jeffrey Epstein relationship (15+ accounts).

**Ms. Darlene Zong (CFA, Key Client Partners), August 29, 2016:**

"Just spoke with the syndicate desk – timing is expected in October yes, but there's not much we can comment on at this point, including our role on the deal. Hoping after Labor Day there will be more info that can be publicly discussed."

## B. THE PRE-PRICING BRIEF (EFTA00814552)

**Date:** Oct 17, 2016 (2 days before pricing)

**Sender:** Richard Kahn (Epstein's Accountant)

**Verbatim MNPI:**

"5 yr + 150 bp / 10 yr + 200 bp / 30 yr + 300 bp ... DB is a co manager with expected deal size \$10-\$20 Billion ... after Saudi prices Jordan will be next"

## C. MULTI-BANK COORDINATION

- **Merrill Lynch (Amanda Ens):** Provided pricing benchmarks on Oct 13, 2016 (EFTA02447509).
- **JPMorgan (Paul S. Barrett):** Facilitated cross-bank introduction of Kahn to DB on Oct 7, 2016.

SEC-TCR-BATES-000005

# 4. THEORY OF VIOLATION

## A. MATERIALITY (BASIC V. LEVINSON)

Timing, deal size, and yield-spread guidance for the largest-ever EM sovereign bond is undeniably material. The forward-looking "Jordan will be next" tip is materially

independent MNPI.

## **B. MISAPPROPRIATION (O'HAGAN)**

Mr. Eisele breached a duty of confidence owed to the **Kingdom of Saudi Arabia (Issuer)** and **Deutsche Bank (Employer)** by sharing syndicate-confidential data with an external party (Kahn/Epstein).

## **C. TIPPER-TIPPEE BENEFIT (DIRKS / SALMAN)**

The "personal benefit" is satisfied by the gifting of MNPI to maintain a lucrative UHNW client relationship. Salman confirms no pecuniary showing is required for gifts to business/personal contacts.

### **AMOUNT-OF-MONEY-INVOLVED STATEMENT (TCR FORM §)**

The submitter has affirmatively determined that no Epstein-related Saudi sovereign bond trade has been identified in the H.R.4405 release. The corpus confirms zero exposure on the only fixed-income-capable Epstein vehicles at Deutsche Bank as of November 21-22, 2016 (EFTA00169436).

Disgorgement is accordingly sought against the named tippers (Mr. Eisele, Ms. Zong, Mr. Stepanian, Mr. Oldfield, Mr. Barrett, Ms. Ens) and their respective firms (DB Securities Inc., JPMorgan Securities LLC, BAML) for non-trading personal benefits — specifically (a) the maintenance and deepening of UHNW client relationships generating recurring private-wealth and capital-markets fees, and (b) the firms' own syndicate-fee allocations on the October 19, 2016 Saudi sovereign bond (\$17.5 billion total issuance; DB's specific allocation is non-public and is subject to the subpoena requests at § VII). The submitter has not identified specific Epstein investor losses; the Commission's market-integrity authority under Regulation FD and the broader misappropriation doctrine does not require identified investor losses for an enforcement action grounded in selective disclosure.

---

## 5. PRINCIPAL TARGETS & ENTITIES

---

| NAME                 | AFFILIATION                  | ROLE IN SCHEME                                           |
|----------------------|------------------------------|----------------------------------------------------------|
| Dennis E. Eisele     | DB Securities<br>(Principal) | Primary Tipper; Deal-Internal Source.                    |
| Vahe Stepanian       | DB Securities (KCP)          | Originator of internal "Southern Financial" MNPI thread. |
| Darlene Zong,<br>CFA | DB Securities (KCP)          | Syndicate desk conduit; relayed role-on-deal status.     |
| Paul S. Barrett      | JPMorgan (MD)                | Cross-firm intermediary for Epstein/Kahn inquiries.      |
| Amanda Ens           | Merrill Lynch<br>(Director)  | Pricing benchmark source (Oct 13, 2016).                 |
| Richard D. Kahn      | HBRK Associates              | Accountant/Intermediary; Recipient of 3-bank MNPI relay. |

---

## 6. INFORMATION REQUESTED FROM THE COMMISSION

---

The submitter requests the Commission exercise its subpoena power to obtain:

1. **Trading Records:** Allocation/settlement data for the 15+ "Southern Financial" vehicles at DB, JPMorgan, and BAML (Sept–Dec 2016).
2. **Communication Archives:** Full Bloomberg/internal chat history for Mr. Eisele and Ms. Zong.
3. **Offboarding Minutes:** DB Wealth Management committee records (Nov 2016) regarding the sudden termination of the Epstein relationship.
4. **Form U5:** Full FINRA CRD records for Dennis Eisele's Sept 2019 departure.

5. **Personal benefit and unjust-enrichment quantification.** Subpoena Deutsche Bank Securities Inc., JPMorgan Securities LLC, and Merrill Lynch Pierce Fenner & Smith Inc. for:

- (a) Each firm's allocated underwriting fees on the October 19, 2016 Kingdom of Saudi Arabia sovereign bond offering (joint bookrunner / co-manager / selling-group allocations and gross fees);
  - (b) Mr. Eisele's, Ms. Zong's, and Mr. Stepanian's 2016 and 2017 compensation and bonus records to determine the extent to which Saudi sovereign-bond participation or Epstein-client retention figured into incentive determinations;
  - (c) DB Wealth Management's aggregate revenue from the "Southern Financial Relationship" umbrella accounts for calendar years 2009 through 2019, as the documentary baseline for the personal-benefit magnitude under Salman and Blaszcak.
- 

## 7. RELATED REGULATORY MATTER

---

The submitter is concurrently filing with the **NY State Department of Financial Services (NYDFS)** regarding AML compliance failures in Dec 2016 involving the same personnel (Oldfield, Stepanian) and a suspicious \$6.18M wire into the Haze Trust immediately following the bond pricing.

---

## 8. ORIGINAL-INFORMATION STATEMENT

---

The submitter asserts that the **original-information** requirement (17 C.F.R. § 240.21F) is satisfied. While the documents are from the H.R. 4405 production, the **independent analysis**—identifying Mr. Eisele (who is absent from all production indices), mapping the 3-bank coordination, and applying the *O'Hagan/Dirks* framework—constitutes a new and original contribution to the Commission.

---

## 9. BATES INDEX

---

| BATES<br>NUMBER | DESCRIPTION             | SIGNIFICANCE                                             |
|-----------------|-------------------------|----------------------------------------------------------|
| EFTA01371316    | Eisele Chat Transcript  | <b>Load-Bearing Document:</b> Admission of MNPI sharing. |
| EFTA01425409    | DB Internal Email Chain | Evidence of "Southern Financial" syndicate tracking.     |
| EFTA00814552    | Kahn to Epstein Brief   | Verbatim relay of yield-spreads and DB role.             |
| EFTA02447509    | Kahn/Ens Merrill Brief  | Evidence of BAML-side pricing relay.                     |
| EFTA00169436    | DB Offboarding Notice   | Proof of zero exposure at termination (Nov 2016).        |
