

FRANCE / SIAD / BRUNEL / MC2

DOCUMENTARY LEADS

A source-controlled France-facing supplement built from DOJ/EFTA pages involving Daniel Siad, Jeffrey Epstein, Jean Luc Brunel, MC2 Models Management, Paris, Strasbourg, and Swedish payment references.

PREPARED BY JOSEPH GOYDISH II
PGP FINGERPRINT: 4A04 1F50 6D89 4F5E E391 7438 6487 8B56 A2EB 2D11

DEFENSIBLE STATEMENT

The verified DOJ/EFTA pages connect three documentary lanes: a July 2014 Siad/Epstein email thread with France/Paris/Strasbourg, scouting, travel, expense, reimbursement, and possible MC2 routing language; a 2011 Siad/Brunel/MC2 commission and wire-processing thread with Swedish beneficiary banking details; and 2012 Groff/Siad/Tess pages placing Siad in a Paris contact-facilitation context.

WHAT THIS IS

A narrow source packet for five main DOJ/EFTA PDFs, with Addendum A preserving a separate 2009-2010 Siad / Brunel / Epstein antecedent source set.

WHAT IT SHOWS

The pages place Siad in source text touching France/Strasbourg, Paris, possible MC2 routing, expense/reimbursement language, Brunel/MC2 commission payment language, and Swedish beneficiary banking details.

WHAT CAN BE DONE

Transmit the cited source pages as documentary leads, preserve the DOJ URLs and page images, and ask French reviewers to verify the Siad/Brunel/MC2 payment and Paris-logistics lanes against their own case files.

WHAT THIS DOES NOT PROVE

UNSUPPORTED CONCLUSION	BOUNDARY	NEEDED BEFORE STATING MORE
That any completed offense occurred.	The packet identifies document text and source-page connections only.	Investigative corroboration, witness evidence, law-enforcement review.
That the payment thread proves unlawful payment.	The source shows commission, invoice, wire, and banking language, not a legal conclusion.	Bank records, invoices, payables records, agency/accounting files.
That the private review tool is the evidentiary authority.	The tool surfaced and organized the lane. The DOJ PDF and rendered page image control.	Page-image review and DOJ source citation.

HANDLING RULE

TRANSMISSION BOUNDARY

The packet can state that Swedish beneficiary banking details appear in the source pages. Public-facing or email-body language should not reproduce full bank/account fields. If transmitted to law enforcement, the DOJ source PDF/page image carries the detail.

"send her to NewYork with next or Mc2"

"you will have the money monday"

"you can send the girls"

"the French girl from Strasbourg"

The page supports a narrow claim: the source text joins possible New York/MC2 routing, money timing, sending-girls language, and a France/Strasbourg reference in the same thread family.

CLAIM BOUNDARY

CLAIM	SUPPORT	BOUNDARY
The source page contains possible MC2 routing language.	EFTA01917017 text refers to New York with Next or MC2.	This does not prove MC2 accepted, received, or processed the person referenced.
The source page contains France/Strasbourg language.	EFTA01917017 text refers to a French girl from Strasbourg.	This does not independently identify the person or prove any completed act.
The source page contains money and logistics language.	The page says money would be available Monday and refers to sending girls.	This requires corroborating records before characterizing purpose or legality.

The page supports a document-lead claim that the thread contains scouting, Paris, age-related, expense, and reimbursement language. The packet does not assert the truth of the statements beyond the source text.

USE POSTURE

USE	REASON	CONTROL
France-facing documentary lead.	Paris and French references appear inside the same thread as scouting, expense, and reimbursement language.	Quote as "the source text states," not as independently verified event facts.
Referral page image.	The page image is more reliable than derived text for exact phrasing and page stamp.	Cite DOJ/EFTA page image and source PDF.

CONTROLLED READING

SOURCE POINT	WHAT THE PAGE SHOWS	BOUNDARY
MC2 invoice / wire processing	Dominique Nameche / MC2 language says an invoice was needed before a wire could be sent and processed through accounting/payables.	Does not prove payment was completed.
Brunel commission dispute	Daniel Siad writes to Jean Luc Brunel in the same commission subject thread and refers to commissions due.	Use source spelling and source context; do not add legal characterization.
American Embassy / U.S. Treasury language	The source text references complaining to the American Embassy and sending a copy to the U.S. Treasury Department for tax fraud.	This is a statement in the thread, not a verified agency submission.

FINANCIAL LEAD HANDLING

ACTION	WHY SUPPORTED	NEEDED RECORD
Request or preserve invoice and payable records.	The MC2 page states that an invoice was needed for accounting and payable processing.	Invoice, payable record, wire request, MC2 accounting file.
Check Swedish banking trail if lawfully available.	The source page contains Swedish beneficiary bank details.	Bank record, transfer confirmation, beneficial-owner context.
Compare with Brunel/MC2 case files.	The thread names Jean Luc Brunel and MC2 in payment context.	French investigative files, MC2 records, related witness/source files.

ADDENDUM A | SCOUTING-FEE AND SWIFT DISPUTE THREAD

Hi Daniel,
I had a phone call saying that you spent 1300
Euros for your trip in Latvia, and that I have never sent you
any money for it.
When we have discussed your fees, 3.000 Euros
monthly, you have told me that you were paying for your
travel expenses. I have even asked if you wanted me to purchase a
ticket EuroPass, you said that you didn't needed it as train was
cheap. I have transferred you not one month, but two month fees
(6.000 Euros).10,000 USD is an important investment for scouting.
You have done one trip of four days and I haven't got any
models for NY.

CONTROLLED READING

SOURCE POINT	WHAT THE PAGES SHOW	BOUNDARY
Scouting-fee terms	EFTA00765388 and EFTA00767847 contain a Brunel-to-Epstein forwarded thread with EUR 3,000 per month scouting language, six-month timing, 5 percent commission language, and written-agreement language.	Documentary lead only; this does not prove an agreement was executed.
SWIFT/payment dispute	EFTA00765390 and EFTA02431781 show a dispute over alleged receipt of EUR 6,000 and requests for SWIFT/payment confirmation.	This does not prove payment was completed.
Paris / New York context	EFTA00765068 opens from Paris and references Jean Luc, MC2, casting/travel costs, and continued scouting. EFTA02431781 adds Latvia trip and models-for-New-York language.	Use as continuity context, not a standalone legal conclusion.

BANK, SWIFT, AND ACCOUNTING TARGETS

This addendum should be transmitted as a source set for comparison against Brunel / MC2 accounting records, bank records, SWIFT or intermediary-bank records, French case files, and witness/source materials.
